PROJECTS

Goal App

A minimal goal-tracking mobile app that allows users to add, delete, and persist their personal goals

- Built using **React Native** with support for both **Expo** and **CLI**.
- Implemented **AsyncStorage** for saving goals across app sessions.
- Designed a responsive UI with a clean layout and integrated **vector icons** for better UX
- Tools used: React Native, Expo, AsyncStorage, Vector Icons

Guess My Number Game

An interactive number-guessing game where users try to guess a randomly generated number.

04/24 – 05/24

- Built the core gameplay logic using **React Native**.
- Implemented feedback to display "Don't lie, you know that this is incorrect" if the user tries to lie about their guess.
- Used react-native-vector-icons for interactive buttons and feedback icons.
- The app ensures users are guided through proper input and feedback during the game.

Tools: React Native, useState, Expo, Vector Icons.
